

MEETING REPORT

Team Name: Error404 **Date of Meeting:** Saturday 30/04/2022

Start Time: 10:26AM **End Time:** 11:20AM **Meeting Location:** Google Meet

Moderator: Kamil Ertekin **Recorder:** Ervis Sako

Other Members Present: Elvis Murati, Anxhelo Saraçi

Members Absent: Egi Jonuzaj, Enes Vrana

Topics Discussed:

1. We went over the availability of the group.
2. For the ones who attended, we quickly went over how to use the github branch (since group was uploading it directly to repo)
3. Reminded the group to provide the usernames for the github repo invitation.
4. The technologies we'll learn to make the website.
5. The tasks each individual shall do.
6. Reminded everyone to update their github wiki.

Decisions Made:

- We decided on using React, Typescript, Nodejs, MongoDB, GraphQL, Stripe (optional), Apollo and PostgreSQL.
- Update the personal wiki pages.
- Everyone shall at least do one or two tasks until the next meeting.
